

St Matthew's Key Benefits of

#1 A **Stronger** Parish Community

Our Parish becomes Financially Strong... Emotionally Strong... and Spiritually Strong.

#2 A **Greener** Parish Community

Our Parish is greener since Online Giving can decrease the paper envelopes you receive, the checks you write and the number of pages in reports furnished by the envelope company.

#3 Make Changes Anytime

You can stop, change or suspend payments 24/7 just by going to your account on line

#4 Your Gift Continues

If you miss Mass because of illness, vacation, poor weather or other circumstances, your financial support will continue (for this, we are very grateful).

#5 IRS Restrictions have Changed

Electronic giving provides you with accurate records. The IRS will accept the data from Online Giving, so your deductible amount will be available as soon as you make your last gift in December. Just go Online to your account.

#6 100% Secure

Donations received via direct debit are better protected than cash or check. If you trust amazon.com, eBay or bank online you can definitely trust Sage, our parish provider.

#7 Electronic Giving Saves Time.

No need to look for and then remember to bring your envelopes. No need to be sure to have a check or cash with you on the weekend. You can make all your donations for 3 - 4 months in less than 15 minutes online.

#8 Your Gift is Very Important to Us and God

Every dollar makes a difference to our church community and allows our ministry to continue.

#9 Giving is Good Stewardship.

Online Giving empowers you to easily give of your treasure while providing your parish with regular, consistent financial support.
